TRUCKMATE

THE NEXT GENERATION PORTABLE AXLE SCALE

'TRUCKMATE' is the lowest profile weigh pad we have ever offered. Large weighing surface, and extremely low profile (from 18mm high). The excellent accuracy is due to the twenty independent loadcells under the top plate.

Optional Touch Screen for Truckmate System

Truckmate is available as a Wired 2 pad system or Wireless in 2, 4, 6 & 8 pad configurations. Wireless Range up to 25m.

KEY FEATURES:

- Extremely Slimline
- User friendly
- Portable
- Fast set up - approx. 10 mins
- Splashproof
- Accurate, Robust & Reliable
- Built in battery with external charger
- PC compatible / memory download option available

“Reduce the Risk of Overloading”
